We would like to sincerely thank all the people at MIT Haystack Observatory who were involved in our experience as we developed these units over the past two summers. Those people include:

Madeleine Needles, Preethi Pratap, Divya Oberoi, Rich Crowley, John Foster, Phil Shute, Heidi Johnson, KT Paul, Phil Erickson, Anthea Coster, Shep Doeleman, Janet Dutton, Michael Albu, Lynn Matthews, Diane Auger, Dan Smythe, Susan Davis, Arthur Niell, Mindy Lekberg, Vincent Fish, Martina Arndt, Mary Altenhof, and Colin Lonsdale.

And above all: Alan Rogers for providing the patience, insight, and guidance that has been so helpful.

As well as the workshop participants who provided constructive feedback after using the equipment and lessons.

Julie Farhm, David Kasok, Aaron Keller, Sara Kate May, Hannah Neville, John Pickle, Christopher Siren, Steve Stephenson, Scott Stief, William Toomey, Steve Vandergrift, Joe Zahka.
